

Do you love me?

Music & lyrics Phil Walton © 2006

What can I say?
You have seen me
What can I do?
You have seen how I'm
Running scared over you

The time goes on
Am I crazy?
Have I done wrong?
Will you leave me?
I can't wait any more.

Do you love me?
I need to know
Is it possible
For you to show

Could you tell me
If you need me
Or is it that
You want to be free
Are you afraid
To make up your mind?

You can't deny
That you've feelings
If only you would let them grow
Then I'll surely know

Do you love me?.....

But when I met you
I was glad
Wanted to take you
Meet my mum and dad
I want to take you by the hand
If only you would understand

Do you love me?
It seems so right
When I'm with you
Exactly like I want it to be
Maybe you feel the way I do

All the signals you are giving
Seem to change from day to day
Should I stay or should I go.

Do you love me?

The time has come
For some decision
I need to know
Just where I stand
Maybe I need
To make new plans

If you tell me
That you don't need me
Then I can learn to let you go
But I don't want to lose you at all.

You came to me
And held my hand
Your tone and voice
Helped me understand

Your parting words were pain to me
At least you showed some sympathy

Do you love me?
