

Go to sleep

Music & lyrics Phil Walton © 2006

Go to sleep my baby
'Till you wake at dawn
Go to sleep my baby
'Till you've no sleep at all

Rest your weary head now
Kiss your blues and cares away
Rest your head on your pillow
Don't fret; it's not too late.

When the nightmare follows you
When the daylight haunts you too
When the voices tell on you
Just go to sleep.

Go to sleep my baby
'Till you wake at dawn
Go to sleep my baby
'Till you've no sleep at all

When the nightmare follows you
When the daylight haunts you too
When the voices tell on you
Just go to sleep.
