

What are you waiting for?

Music & lyrics Phil Walton © 2006

There's a picture
Hanging over on the wall
You don't see me
Standing here at all

Full of grace
The Lord is with you all the time
You don't seem to spare me any time

What are you waiting for?
Someone to open the door to help you?
I think it's really sad.
People are going mad
Without you anymore.

In your absence
Men have torn the world apart
People are afraid to go out after dark
Women pride themselves
That they can be like men
But they only end up being abused again

What are you waiting for?
Someone to open the door
To help you?
I think it's really sad.
People are going mad
Without you anymore.

Man has turned his back on you
Doing what he wants to do
If only he would realise
The problem lies within his mind

In his vanity
Man's torn the world apart
He's made an enemy of you
Right from the start
In his wisdom
He has gained the upper hand
Only to find out
That his house is made of sand

What are you waiting for?
Someone to open the door to help you?
I think it's really sad.
People are going mad

Without you anymore.

A new beginning
Will bring peace upon the earth
A sacred chalice
That will bring a new rebirth
A restoration of the
Balance in our lives
A sense of unity
To end the years of strife

What are you waiting for?
Someone to open the door to help you?
I think it's really sad.
People are going mad
Without you anymore.
Man has turned his back on you
Doing what he wants to do
If only he would realise
The problem lies within his mind
